IMPROVED EFFICIENCY

It is every officer's wish to maintain that high standard of efficiency for which the British Army is historically famous—and year in, year out, responsibility of example and the pace can tell. Arduous marching, parading and long periods of standing impose inevitable strain upon the delicate muscles of lower abdomen and loins, while any sudden wrench or overstrain may result in crippling rupture or worse. All wise men, who cannot risk physical deterioration, wear the

“LITESOME” BODY BELT

In two sizes, 28-34 and 34-40 inch waist. Obtainable from Boots, Taylors, Timothy Whites, most chemists and sports dealers or direct.

POST FREE

(5/- Overseas)

The sane and scientific safeguard. It wards off fatigue and overstrain—and affords just the right amount of “braced-up” support which ensures added vigour and complete freedom from risk. Tiredness will be a thing of the past from the moment you wear a “Litesome.” A new feeling of intense well-being will follow—with improved efficiency and enviable “verve.”

Made of soft, washable woven material, the “Litesome” is at once comfortable and chill-resisting. Get one to-day—and note the difference.

ARMY ORDERS

The following Army Orders were published specially during the month of April.

ROYAL WARRANT

A.O. 75 Officers of the Royal Army Medical Corps—
1934 [Conditions of Service]

GEORGE R.I.

WHEREAS WE deem it expedient to make certain changes in the conditions of service of officers of Our Royal Army Medical Corps and to provide for the grant of scholarships to sons of members and former members of Our Imperial Forces who desire to obtain commissions in Our Royal Army Medical Corps ;

100
Medical
1273

OUR WILL AND PLEASURE IS that with effect from 1st May, 1934, the conditions of service at present laid down for officers of the above-mentioned Corps shall be altered as follows :—

(1) All appointments to commissions shall, in the first place, be for short service. The period of such service shall be five years, on completion of which an officer shall be eligible for selection for the grant of a permanent commission.

Any antedate granted in respect of an appointment in a civil hospital held prior to the date of commission, and any period after the date of commission during which an officer may be seconded for the purpose of holding such an appointment, shall not count towards the five years' service referred to above.

(2) Officers who on completion of five years' service are not selected for the grant of a permanent commission shall be retired from service on the active list and shall receive a gratuity as laid down in paragraph (8) below.

(3) Officers who retire with gratuity as provided in paragraph (2) above shall be liable, until the expiration of a period of 12 years from the date of retirement, to be recalled to service at a time of national emergency, or when a national emergency appears imminent. During this period they will be members of Our Regular Army Reserve of Officers.

A.O. 75
1934
continued

(4) An officer shall in future be eligible for promotion to the rank of captain on completion of one year's commissioned service in the Corps (instead of after 3½ years' service as at present laid down) and to the rank of major on completion of 10 years' commissioned service in the Corps (instead of after 12 years' service as at present laid down) provided, in each case, that he has qualified in such manner as may be prescribed by Our Army Council.

(5) Antedates in respect of hospital appointments held prior to the grant of a commission in Our Royal Army Medical Corps shall in future be given on promotion to the rank of captain, instead of on first appointment. The period of such antedates will reckon for seniority in ranks above that of lieutenant, for promotion to the rank of major, for increments of pay dependent on length of service and for retired pay and retiring gratuities, other than the gratuity granted on retirement with less than 10 years' service.

(6) Charge pay shall in future be at a flat rate of 5s. a day in all cases and shall be granted to all officers not above the rank of lieutenant-colonel in charge of hospitals with 50 beds or more, or in charge of medical or surgical divisions of hospitals with at least 300 beds. Where, however, transfer from the rates of charge pay hitherto in force to the new rates involves a loss of emoluments, the officer may continue in receipt of the rate of charge pay hitherto in force so long as he continues to hold the appointment in respect of which the higher rate of charge pay was granted.

(7) The increments of pay hitherto granted to a captain after 8 and after 10 years' commissioned service shall in future be granted after 6 and 8 years' commissioned service respectively, and those granted to a major after 15, 18 and 20 years' commissioned service shall in future be granted after 13, 16 and 18 years' commissioned service respectively.

(8) On retirement on completion of 5 years' service, an officer holding a commission for short service shall be granted a gratuity of £1,000.

Army Orders.—April, 1934

A.O. 75 Officers holding a permanent commission shall be
1934 eligible on or after 1st May, 1936, to retire with a
continued gratuity of £1,000 on completion of 5 years' service.

Officers holding a permanent commission shall be eligible on or after 1st May, 1934, to retire with a gratuity of £1,500 on completion of 10 years' service.

(9) An officer holding a commission for short service retired on account of ill-health attributable to military service shall be eligible for an award of disability retired pay at the rates provided for officers holding temporary commissions.

(10) An officer holding a commission for short service retired on account of ill-health not attributable to military service may be eligible for an award of a modified gratuity based on the length of his service on a short service commission.

(11) A major who has qualified for promotion shall be retired on completion of 22 years' service if he has been permanently superseded for promotion, or on being permanently superseded if this occurs after he completes 22 years' service.

A major who has not qualified for promotion shall be retired on being permanently superseded or on completion of 17 years' service, whichever is the later.

(12) Colonels removed from Our Royal Army Medical Corps shall not be placed on half-pay on completing 4 years in such rank, but shall continue to serve until they attain the age limits laid down for compulsory retirement. This provision shall not, however, take effect until such date as may be determined by Our Army Council having regard to the ages at which officers attain promotion to the higher ranks in Our Royal Army Medical Corps.

(13) A limited number of scholarships may be awarded each year, at the discretion of Our Army Council, to the sons of officers and men or of ex-officers and men of Our Regular Forces and to the sons of officers and men and of ex-officers and men of Our Reserve and Auxiliary Forces who served during the Great War, for the purpose of assisting them to take a course of study to qualify themselves to practice medicine and surgery with a view to obtaining regular commissions in Our Royal Army Medical Corps.

Army Orders.—April, 1934

OUR FURTHER WILL AND PLEASURE IS that with A.O. 75
effect from 1st May, 1934, the amendments contained in 1934
the Schedule attached to this Our Warrant shall be *continued*
made to Our Warrant for the Pay, Appointment, Pro-
motion and Non-Effective Pay of Our Army dated 12th
February, 1931.

Given at Our Court at St. James's, this 27th
day of April, 1934, in the 24th year of
Our Reign.

By His Majesty's Command,

HAILSHAM.

ARMY ORDERS

The following Army Order was published specially during the month of July.

ROYAL WARRANT

Disposal of Officers of the Infantry of the Line A.O. 161
1934
GEORGE R.I.

100
Infantry
3797 WHEREAS in Our Infantry of the Line, owing to the number of war entrants, promotion from the rank of subaltern is abnormally slow :

AND WHEREAS it is desired to ameliorate this situation and in this connection to provide for the premature retirement of a certain number of officers of the rank of subaltern, captain and major who are serving on permanent regular commissions :

OUR WILL AND PLEASURE IS that such officers, of the rank of major and below, as Our Army Council may decide shall be retired from such dates as Our Army Council may decide, on the special terms laid down in the Schedule attached to this Our Warrant, or otherwise disposed of in the manner laid down therein :

PROVIDED that an officer who receives employment under any public department, whether under Our Army Council or otherwise, within the periods laid down in the Schedule attached to this Our Warrant, shall have no claim to the aforementioned special terms in full, but shall be eligible for a modified award according to the terms laid down in Section III of the Schedule attached to this Our Warrant :

OUR FURTHER WILL AND PLEASURE IS that retirement on retired pay or with gratuity at the special rates laid down in this Our Warrant shall be subject to the conditions of Articles 538 and 721 of Our Warrant for the Pay, Appointment, Promotion and Non-Effective

Army Orders.—July, 1934

A.O. 161 Pay of Our Army, dated 12th February, 1931, as
1934 amended by Our Warrant dated 27th April, 1934*,
continued relating to liability to recall to service and membership
 of Our Regular Army Reserve of Officers.

Given at Our Court at St. James's this 19th
 day of July, 1934, in the 25th year of
 Our Reign.

By His Majesty's Command,
 HAILSHAM.

SCHEDULE

I.—Retired pay

1. This portion of the Schedule refers to officers who are assessable for retired pay, as having, on the date of retirement, 15 or more years' service reckoning towards retirement under the Pay Warrant, 1931, Article 554.

Such officers will be awarded retired pay at the rates appropriate on the normal scale applicable to their service and rank, together with an addition called "compensation element" of £60 a year (subject to paragraph 4). This compensation element will be granted irrespective of rank.

2. The compensation element will be regarded as an integral portion of the officers' retired pay and will be subject to variation within the same limits and at the same dates as the normal retired pay.

3. The combined award will, for the present, be reduced by 10 per cent. under Army Order 79 of 1934, and will be subject to further revisions.

4. An officer retired with a compensation element of retired pay, if he is within 2 years of the normal age limit of his rank, will have his compensation element proportionately reduced, the reduced compensation element being proportional to the number of days which the officer has still to serve before reaching the age limit†. Subject to this condition, a compensation element may be awarded in addition to normal maximum rates of retired pay, if already earned.

* Army Order 75 of 1934.

† The amount will be calculated to the nearest penny; thus, in the case of an officer who has still 100 days to serve before reaching the age limit, the compensation element will be $\frac{100}{730} \times £60 = £8 \text{ 4s. 5d. a year.}$

5. An officer whose retired pay includes a compensation element will be at liberty to commute the compensation element (after cost of living revision) in whole or in part, whether he is under or over the age of 40 years.

A.O. 161
1934
continued

II.—Gratuities

6. An officer not assessable for retired pay, as having, on the date of retirement, less than 15 years' service (as defined in paragraph 1), will be retired with a gratuity on the following scale :—

Rank	Basic gratuity	Service addition
Lieutenant	£ 720	{ £100 for each year's service.
Captain, with .. less .. than 13 years' service.	900	
Captain, with 13 or 14 years' service.	990	

NOTE.—In the above table "years' service" means complete years of commissioned service reckoning towards retirement under the Pay Warrant, 1931, Article 554.

7. An officer with 13 or 14 years' service reckoning towards retirement for whom voluntary retirement on completion of 15 years' service would ordinarily be permissible may elect to be placed on half-pay under the Pay Warrant, 1931, Article 491 (up to 2 years' service while on the half-pay list reckoning towards retirement under the Pay Warrant, 1931, Article 554 (j)), and subsequently retire on the ordinary rate of retired pay (without compensation element) appropriate to his rank and service, in lieu of being immediately retired with gratuity on the scale laid down in paragraph 6.

III.—Conditions of issue

8. The amount laid down in this Schedule will be paid to an officer on retirement, provided that he has not at that time received employment under a public department, on condition that each officer before retirement signs an undertaking (a) to have his retired pay adjusted in accordance with the following paragraphs or to refund the difference between what he has so received

Army Orders.—July, 1934

A.O. 161 and any smaller amount to which he may be entitled
1934 under the following paragraphs, and (b) to notify the
continued War Office of any employment affecting his entitlement.

9. An officer who obtains a permanent commission (or a temporary commission with a view to a permanent commission) in the Royal Navy (including the Royal Marines), the Army or the Royal Air Force within a period of 5 years from the date of his retirement will—

- (a) if his previous army service counts for non-effective purposes in his new force and he retired with retired pay, forfeit his retired pay from the date of his new commission, and, if he has commuted a portion of his retired pay, suffer a deduction from pay, half-pay and subsequent retired pay equal to the amount of the retired pay commuted. Further, whether an officer retired with retired pay or with a gratuity, he will have his position re-adjusted to what it would have been if he had been put on the half-pay list for five years under the Pay Warrant, 1931, Articles 491 and 554 (j), that is, he will refund the total amount of retired pay already drawn or the whole gratuity, as the case may be, less any amount which he would have received as half-pay during the period between retirement and the grant of the new commission ; or
- (b) if his previous army service does not count for non-effective purposes, and he retired with retired pay, forfeit the compensation element of his retired pay and have his retired pay for service suspended during the period of re-employment. If he has commuted a portion of his retired pay, he will suffer a deduction from pay and half-pay equal to the amount of the retired pay commuted, and on the resumption of retired pay for service on the termination of his period of re-employment he will suffer a deduction from retired pay equal to the amount of any portion of the compensation element commuted before he was re-employed. If he retired with a gratuity, he will refund the basic gratuity less the amount which he would have received as half-pay for the period between retirement and the grant of the new commission and will be liable to an annual deduction from pay and half-pay equal to the annuity value, at the date of the original grant, of the service addition.

10. An officer who, after an interval of 5 years from the date of his retirement, is granted a permanent commission in the Royal Navy (including the Royal Marines), the Army or the Royal Air Force will be dealt with as provided in the preceding paragraph for an officer who does not count his previous army service for non-effective purposes.

11. An officer who obtains a temporary or a short-service commission, which is not followed by a permanent commission, in the Royal Navy (including the Royal Marines), the Army or the Royal Air Force will, if he retired with retired pay, have his retired pay suspended during the period of re-employment, and, if he has commuted a portion of his retired pay, he will suffer a deduction from pay and half-pay equal to the amount of the retired pay commuted. If he retired with a gratuity, a deduction will be made from his pay and half-pay equal to the annuity value, at the date of the original grant, of the total gratuity.

12. An officer who retired with a gratuity and is appointed to permanent employment under a public department (other than as a commissioned officer) within a period of 2 years from the date of his retirement will retain the service addition of £100 for each complete year of service, together with one-twenty-fourth of the basic gratuity for each complete month which has elapsed since his retirement, but will refund the remainder of the basic gratuity. For example, the refund in the case of an officer appointed after an interval of 18 months and 21 days will be one-quarter of the basic gratuity. If the officer retired on retired pay, he will retain the retired pay awarded in respect of his service together with one-twenty-fourth of the compensation element of retired pay for each complete month which has elapsed since his retirement but will forfeit from his retired pay an amount equal to the remainder of the compensation element of retired pay.

13. An officer who obtains employment under a public department (other than as a commissioned officer) after 2 years have elapsed since retirement may retain the whole of the emoluments granted under this Schedule.

Army Council's instructions on the foregoing Warrant

1. Under the Pay Warrant, 1931, Article 2 (a), the rates of pay, half-pay and service retired pay of army officers, introduced from 1st July, 1919, or from a subsequent date, have been liable to revision, either upwards or downwards to an extent not exceeding 20 per cent. in relation to the cost of living since 1st July, 1919.

THE WAR OFFICE,
27th April, 1934

ROYAL WARRANT

A.O. 75 **Officers of the Royal Army Medical Corps—**
1934 **Conditions of Service**

GEORGE R.I.

WHEREAS WE deem it expedient to make certain changes in the conditions of service of officers of Our Royal Army Medical Corps and to provide for the grant of scholarships to sons of members and former members of Our Imperial Forces who desire to obtain commissions in Our Royal Army Medical Corps ;

OUR WILL AND PLEASURE IS that with effect from 1st May, 1934, the conditions of service at present laid down for officers of the above-mentioned Corps shall be altered as follows :—

(1) All appointments to commissions shall, in the first place, be for short service. The period of such service shall be five years, on completion of which an officer shall be eligible for selection for the grant of a permanent commission.

Any antedate granted in respect of an appointment in a civil hospital held prior to the date of commission, and any period after the date of commission during which an officer may be seconded for the purpose of holding such an appointment, shall not count towards the five years' service referred to above.

(2) Officers who on completion of five years' service are not selected for the grant of a permanent commission shall be retired from service on the active list and shall receive a gratuity as laid down in paragraph (8) below.

(3) Officers who retire with gratuity as provided in paragraph (2) above shall be liable, until the expiration of a period of 12 years from the date of retire-

ment, to be recalled to service at a time of national emergency, or when a national emergency appears imminent. During this period they will be members of Our Regular Army Reserve of Officers.

(4) An officer shall in future be eligible for promotion to the rank of captain on completion of one year's commissioned service in the Corps (instead of after 3½ years' service as at present laid down) and to the rank of major on completion of 10 years' commissioned service in the Corps (instead of after 12 years' service as at present laid down) provided, in each case, that he has qualified in such manner as may be prescribed by Our Army Council.

(5) Antedates in respect of hospital appointments held prior to the grant of a commission in Our Royal Army Medical Corps shall in future be given on promotion to the rank of captain, instead of on first appointment. The period of such antedates will reckon for seniority in ranks above that of lieutenant, for promotion to the rank of major, for increments of pay dependent on length of service and for retired pay and retiring gratuities, other than the gratuity granted on retirement with less than 10 years' service.

(6) Charge pay shall in future be at a flat rate of 5s. a day in all cases and shall be granted to all officers not above the rank of lieutenant-colonel in charge of hospitals with 50 beds or more, or in charge of medical or surgical divisions of hospitals with at least 300 beds. Where, however, transfer from the rates of charge pay hitherto in force to the new rates involves a loss of emoluments, the officer may continue in receipt of the rate of charge pay hitherto in force so long as he continues to hold the appointment in respect of which the higher rate of charge pay was granted.

(7) The increments of pay hitherto granted to a captain after 8 and after 10 years' commissioned service shall in future be granted after 6 and 8 years' commissioned service respectively, and those granted to a major after 15, 18 and 20 years' commissioned service shall in future be granted after 13, 16 and 18 years' commissioned service respectively.

(8) On retirement on completion of 5 years' service, an officer holding a commission for short service shall be granted a gratuity of £1,000.

Officers holding a permanent commission shall be eligible on or after 1st May, 1936, to retire with a gratuity of £1,000 on completion of 5 years' service.

Officers holding a permanent commission shall be eligible on or after 1st May, 1934, to retire with a gratuity of £1,500 on completion of 10 years' service.

(9) An officer holding a commission for short service retired on account of ill-health attributable to military service shall be eligible for an award of disability retired pay at the rates provided for officers holding temporary commissions. A.O. 75
1934
continued

(10) An officer holding a commission for short service retired on account of ill-health not attributable to military service may be eligible for an award of a modified gratuity based on the length of his service on a short service commission.

(11) A major who has qualified for promotion shall be retired on completion of 22 years' service if he has been permanently superseded for promotion, or on being permanently superseded if this occurs after he completes 22 years' service.

A major who has not qualified for promotion shall be retired on being permanently superseded or on completion of 17 years' service, whichever is the later.

(12) Colonels removed from Our Royal Army Medical Corps shall not be placed on half-pay on completing 4 years in such rank, but shall continue to serve until they attain the age limits laid down for compulsory retirement. This provision shall not, however, take effect until such date as may be determined by Our Army Council having regard to the ages at which officers attain promotion to the higher ranks in Our Royal Army Medical Corps.

(13) A limited number of scholarships may be awarded each year, at the discretion of Our Army Council, to the sons of officers and men or of ex-officers and men of Our Regular Forces and to the sons of officers and men and of ex-officers and men of Our Reserve and Auxiliary Forces who served during the Great War, for the purpose of assisting them to take a course of study to qualify themselves to practice medicine and surgery with a view to obtaining regular commissions in Our Royal Army Medical Corps.

OUR FURTHER WILL AND PLEASURE IS that with effect from 1st May, 1934, the amendments contained in the Schedule attached to this Our Warrant shall be made to Our Warrant for the Pay, Appointment, Promotion and Non-Effective Pay of Our Army dated 12th February, 1931.

Given at Our Court at St. James's, this 27th day of April, 1934, in the 24th year of Our Reign.

By His Majesty's Command,

HAILSHAM.
